Introduction

Introduction

The French Education and Languages Branch (FELB) is pleased to provide you with Core French: A Resource List Update for Grades 6 to 12, a list of resources recommended for the teaching of Core French at the middle and secondary levels. Materials for elementary programs will be evaluated in conjunction with the Grades 1 to 5 Core French curriculum renewal. These annotated titles are not mandatory nor do they represent the entirety of resources available. Generally, the annotations give specific information regarding how the document best supports the Core French program. Suggestions are given as to the best possible uses of the document, whether for student use or teacher reference.

In addition, please make reference to the Curriculum Distribution Services catalogue for obtaining Saskatchewan Learning documents such as this present publication at: http://www.sasklearning.gov.sk.ca/branches/curr/curriculum_distribution_service/index.shtml.

Identification of Resources

The identification of quality resources to support the objectives of the curriculum guides is critical in maintaining effective actualization of Core French curricula. The system of evaluation has been designed to ensure that educators who know the curricula will evaluate the material to verify that it meets the needs of Core French Education in Saskatchewan.

Saskatchewan Learning defines a resource as any work that proposes activities or that shows, explains or illustrates notions to be used in teaching.

How to Use This Resource List

The resources included in this list are grouped alphabetically by title under the headings: General Resources (6 to 12), Middle Level Programs (6 to 9) and Audio (6 to 12). Bibliographical information, followed by an annotation, selected Fields of Experience as well as Suggested Use accompany each title.

Titles and Descriptions

An example of a print annotation follows:

Boucle d'or et les trois ours (Book). Guarnaccia, Steven. Paris: Éditions du Seuil (DDI), 1999. non pag. ISBN 2-02-036442-5 ($26.95).

This well-known fairy tale, presented in a large format, is written in simple language and is delightfully illustrated with a modern flare. It could supplement a grade six Core French program as it provides an opportunity to share a well-loved story in French.

Note: The selection of resources remains the responsibility of schools. Where relevant, the annotations contain cautions that are intended to alert teachers and teacher librarians to potentially controversial content within the selections. Each school should preview the documents mentioned in the resource list update before selecting resources to ensure that they meet the needs of the school and the community. In order to do this, reference can be made to the school division policy on resource selection, as well as to the following Saskatchewan Learning documents:

Diverse Voices: Selecting Equitable Resources for Indian and Métis Education;
